

SUNLINE SYNERGY GLASS WALLS

AT A GLANCE

500 *SERIES*
FRAMELESS

VS

800 *SERIES*
FRAMED

Sunline glass walls can transform your commercial office space in a way that traditional construction and workstations cannot. Our walls are cost-effective, versatile and easy to install.

Half-inch (12mm) glass solution that creates sleek spaces with anodized aluminum frames for a slim profile and luminous look

OVERVIEW

Half-inch (12mm) glass solution with a minimalist recessive design that integrates organically with other modular wall systems along with traditional construction

- Single-glazed
- Custom cut
- **Wall finishes:** clear, frosted, and back-painted glass, wood, laminate
- **Frame finishes:** anodized aluminum, black-painted steel

MATERIALS & FINISHES

- Double or single-paned
- **Wall finishes:** clear, frosted, and back-painted glass, whiteboard, fabric, laminate
- **Frame finishes:** anodized aluminum, painted steel

- Swinging door option

ACCESSORIES

- Swinging and sliding door options
- Aluminum divider option
- Bookcase divider option
- Adjustable window blinds option

- A simple sealer between glass panels that makes initial assembly or future reconfiguration fast and convenient

INSTALLATION

- The panels arrive fully assembled, with a unique corner connection that makes initial assembly or future reconfiguration fast and convenient

- Multiple glass panels can be connected together to create nearly any wall size
- Frameless-glass can be mounted over an existing wall, side-mounted to an existing wall, or mounted floor-to-ceiling as a standalone wall
- The minimalistic, lightly scaled aluminum frames are unobtrusive and completely customizable
- Full height floor-to-ceiling walls offer frameless tempered and laminated glass with butt glazing to create frameless corners and virtually seamless glass expanses

DESIGN

- Anodized aluminum frame builds a safe and secure wall
- The beam profile and frame are edged or bordered with black feature strip to make it very clean, spacious, and uncluttered
- Can be used either floor-to-ceiling or any height below the ceiling to create an entire enclosure or applied as a glass front to spaces
- The system works with a range of glass types, including tempered and laminated glass

- Lifetime warranty on both parts & labor

WARRANTY

- Lifetime warranty on both parts & labor
