

## SERENITY PRIVACY BOOTHS

Discover productivity in private

### Modern Design

Sleek, modern design that blends seamlessly into any office while elevating the overall workspace aesthetic.

### Sound Dampening Technology

Advanced acoustic engineering with a sound reduction rating of up to 30dB ( $\pm 5$ dB). Reduces background noise to create a quieter, more focused space for calls, meetings, and deep work.

### Privacy and Productivity

Privacy in the workplace reduces distractions and interruptions, allowing employees to stay focused longer and work more efficiently.

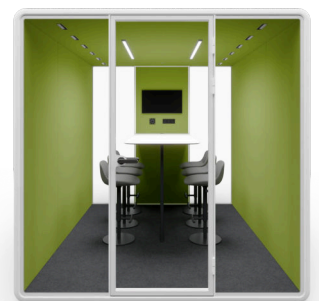

### Integrated Technology & Functionality

Smart tech keeps you comfortable and connected, with auto ventilation, adjustable LED lighting, and built-in power for all your devices.

## STEP IN. TUNE OUT. GET IT DONE.

### Sizing / Capacity
